MyCloud Help Pages EN

MyCloud is a safe place for your data:

- A highly secured cloud service for exchanging data between its users.
- All of your data will be located and remain in Vienna, Austria under strict European data privacy policies.
- MyCloud uses a local, secured installation of the 🌐 Nextcloud software

MyCloud web addresses are:

Web Address	Intended Use
🌐 https://www.gepard.at/mycloud	for GEPARD project and office use
🌐 https://www.cinesat.com/mycloud	for CineSat business
🌐 https://support.cinesat.com/mycloud	for CineSat support
🌐 https://www.scheiberspace.net/mycloud	for private, confidential, and other use

Open one of these links with an up-to-date web browser. Enter your user name and password on the login prompt. On successful login, an intuitive file manager will be launched that allows for easy up- and download of files.

📘 🌐 Nextcloud User Manual
